

the bbg bulletin

It was great to see the year 8 Rugby Academy in action this week taking part in the Year 8 Rugby Union Tournament. The team was well lead by their captain Sam Haley who not only guided and motivated his team, but also saw him scoring tries in all three games. They demonstrated excellent teamwork, helping them secure their wins. The whole team demonstrated some top level rugby throughout the event, staying calm and collected even when they found themselves having to defend hard in order to prevent a try scoring opportunity. We are excited to watch the boys grow as a team and see what they can achieve this season.

Tips for new Year 7 students

Tips For New Year 7s

Starting a new school can and will be tricky and nerve-wracking for most people. Therefore, it's only natural that there'll be ways to make it easier for yourself – many of which you might never have thought of.

For me, I can't stress enough how joining new groups can make year 7 *that* much easier for you.

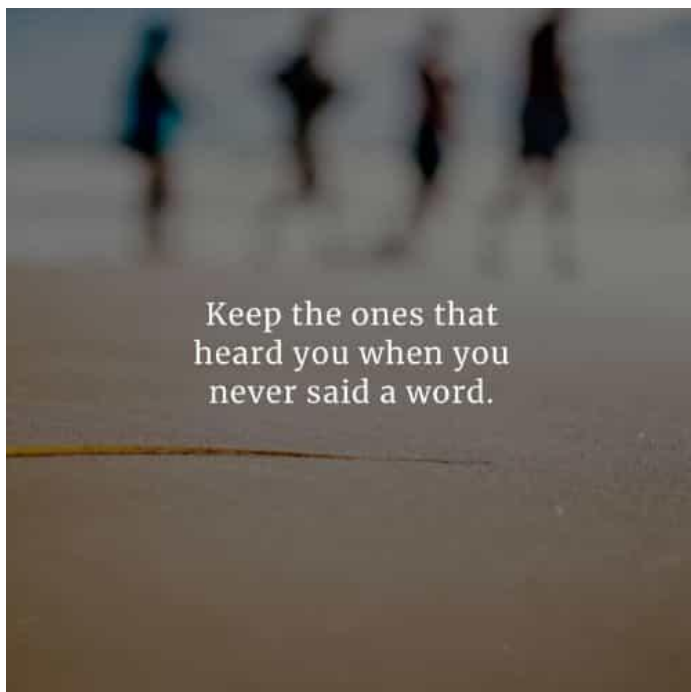

I interviewed Marlie Parker, a real Year 7, and asked for her personal tips on how to make your first year of school much better. She believes that:

1. You should be "open to friendships" - Year 7 is, arguably, the most important year for making new friends, and restricting your friend groups is one of the worst things you can do. However, she also states that you should...

2. "Find friends that like you for who you are" and don't "only talk to you if they need something from you. For example, homework – if they keep asking you to do their homework for them and don't want to be around you otherwise, they might not be a real friend. Don't argue with your friends"

**Dexter
Hughes...
and Marlie
Parker**

3. "Pay attention in lessons – if you get put on the spot and you don't know what the teacher was talking about, you might get a verbal warning or a comment, which can be upsetting, especially if you end up getting detention."
4. "Don't leave your homework until last minute – if you leave it until the final day, you won't have time to get help from a teacher or one of your friends, and you'll get a homework comment."
6. "Be organised. If you don't have things you're meant to, then... yeah. Pack your bag before you go to bed, so you don't have to remember in the morning."
7. Similar to what I said earlier, Marlie says you should "Try new clubs". She does "Drama, Science Club and Netball, but I'm thinking about joining new clubs to make more friends."

One from me – don't follow the crowd. Be your own person – if you won't be yourself, who will? However tempting it might be to be a sheep, you'll always be happier when you aren't, and instead embrace your true self.

Black History Month

It is time to focus on other cultures and acknowledge key Black figures who are often overlooked. The month runs for the whole of October and is now in its 35th year having been first launched in Britain in 1987. It seeks to honour the achievements of Black people, who often do not get the fame or credit they deserve.

Over many years, people have been trying to make history more inclusive. Instead of always telling the stories of White British and White European historical figures, people of colour should be represented too.

In schools across the world there is a massive underrepresentation of Black or other minority groups' history – textbooks still do not represent people from all backgrounds. Therefore, Black History Month is still so vital and important.

The theme for this year's Black History Month is **Time for Change: Actions Not**

Words. The purpose is not just to educate people on Black History but inform and empower people to be true allies in the anti-racism movement.

So, what do you know about Black British history?

Do you know the names of these figures from history?

Jack Leslie

The first black player to be signed up to play for the England football team. He was dropped before the match, which some people believe to be due to pressure from the FA.

Edward Swarthy

He lived during the Tudor period and was a Porter and worked for a Politician; the Politician respected Edward, and this was very unusual for the time.

Mary Fillis

Mary was a servant but became a very well- respected dress maker during the 1500s. She was also one of 60 black women to become baptised in Britain.

Cerys
Barson

Black History Month

**Cerys
Barson**

BLACK
HISTORY MONTH **2022**

Omoba Aina Forbes -Bonetta

Originally from Nigeria, she was a Princess and given as a gift to Queen Victoria. Omoba had to change her name, so that it sounded more European. She was cared for by the Queen, who grew to like her. She eventually had a child of her own who was Queen Victoria's Goddaughter!

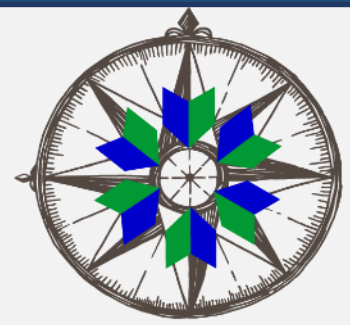

Dido Elizabeth Lindsay

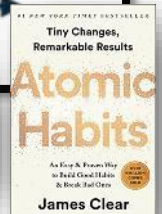

Dido lived from 1761 to 1804. She was mixed race woman; her mother was West African, and her father was British. She was the first Black member of the upper class of British society and her portrait still hangs in Kenwood House. She was loved by her family, but quite often she was unable to be part of social gatherings because of her race.

You may have studied all these periods of history but not from a black perspective. These wonderful and colourful characters from the past need to find their voice and tell their stories. We can make that change and ensure that we do not look at history through one lens but widen our curiosity to capture all the stories from all the backgrounds in the past.

BBG PATHFINDERS

The Plateau of Latent Potential

Maintaining Motivation

So, here we are, in the penultimate week of the first half term of year 11.

We've seen how things play out in Year 11 thus far – the expectations, the homework, the requests for revision and period 7s. We've seen how things have shifted in lessons – more focus, less chatter, more exam questions, less 'fun'. We've started to hear tell about what is coming – mock exams and coursework, holiday revision and late nights.

We've seen and heard and done so much in the past 6 weeks that we are – frankly – exhausted.

To add to this, we've definitely made changes to our routines. We've started to revise more often. We've been more aware of the need for exercise and have struggled to work that into our day-to-day. But now? This week? We're finding it hard to continue to want to make these changes... mostly because we haven't seen any return on our investment!

I'm here to tell you that we – currently – are in the 'Valley of Disappointment'. That doldrum-esque place where you have been trying new things, attempting to change for the better, and you think you're accomplishing it; but you've seen no real improvements. Things may be slightly better, but not by much. Not so much that anyone else would notice. Plus, you're tired, so everything just seems that much more overwhelming.

What you need to do – what we all need to do – is to keep going. Results *will* take place, we just need to keep on trying! If you're struggling to get out there and get some fresh air – make a deal to go with a friend. You get to chat *and* stretch your legs at the same time. You want to revise, but you need to help make dinner as well. Listen to a podcast, or Audible, and you can do both. Take a habit that you *WANT* to do, and do it with a habit that you *NEED* to do – and you will be more likely to accomplish both. Don't panic – the valley of disappointment doesn't last forever!

STUDENT ACHIEVEMENTS

Eliza Stevens (Form 7.5) does a young handler class with her 9 month old cavapoo, Mabel (a cross between a Poodle and a King Charles Spaniel). This week she completed the Kennel Club Bronze test and passed. She had to make Mabel sit for a minute, walk on a loose lead, go through a gate in a controlled way and groom her. She's going to be working towards silver now.

Well done Eliza, and the very cute Mabel!

STUDENT ACHIEVEMENTS

We are so proud of Amber North. She had played only four games for her new rugby team before the end of the season and earned herself two certificates. Well done Amber, a great start to rugby!

Contextual Curriculum

Contextual Curriculum: The Industrial Revolution, Peterloo, and Protest

They say that those who don't learn from the mistakes of the past are doomed to repeat them, and this is an idea that Year 8 have been coming to terms with this week in the historical part of their contextual curriculum. Year 8s have grappled with the Industrial Revolution and how it changed Britain from an agricultural country of predominantly farmers to an urban society, focussed in towns and cities producing items in factories. The changes these brought were devastating for many, including longer working hours, miserable conditions, and poor pay, with many people not even being able to vote for their own government! This brought about many protests, such as the Peterloo Massacre in Manchester, 1819.

Astute as always, year 8 independently linked these events to real-world issues, such as the Cost of Living Crisis. However, they also studied the similarities between these past events and current affairs on a global scale; year 8 learnt that during the Peterloo Massacre workers were just trying to demonstrate for their rights to fair compensation and a voice for all in government, but were stopped when magistrates sent in the army who brutally shut the protestors down. Today, events across the globe, such as in Sri Lanka, reflect this, with many people still unable to protest peacefully or have their voice heard in government! We hope that year 8 come to realise that history is a mirror to our own time, and use lessons from the past to try and make the world a better place.

Source A: A cartoon created by the satirical cartoonist George Cruikshank 1819.

1. List what you can see.
2. Make an inference as to what you think may be happening and why?

Sri Lanka

What are the similarities between The Peterloo Massacre and Sri Lanka?

President has fled the country but protesters say they will not stop fighting until there is 'freedom from corrupt leaders'

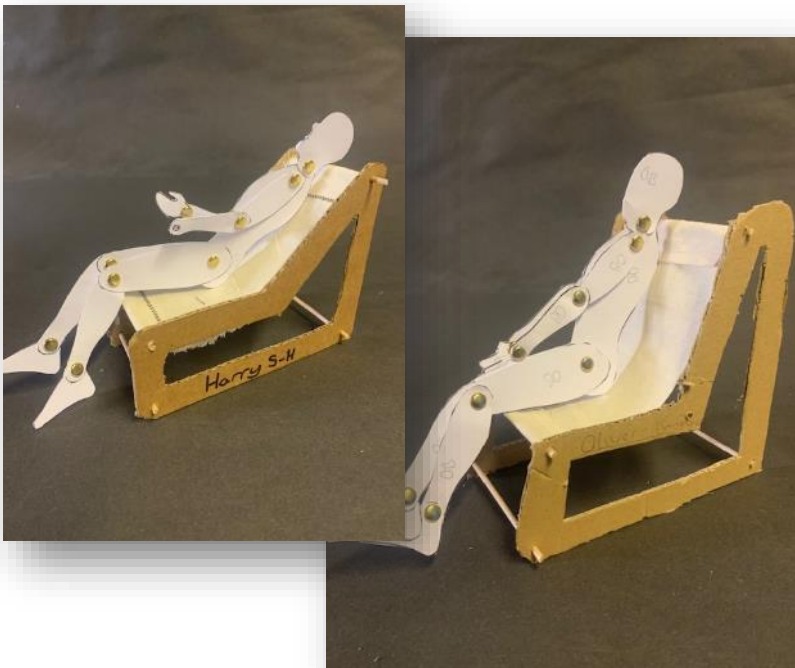

Year 8

Year 8 Design students have been block printing their Native American Spirit Animal designs onto their tie and dye this week. Next week we will master the sewing machine!

Year 9

Year 9 Design students have been modelling these chairs to scale. Seeing them using their maths and engineering brains has been a joy to see. This task will help them to understand how they might design and make their own chair later in the term.

Year 7

Year 7 up and raring to go! Rise and Read off to a great start!

This term Mr Smith's students enjoy reading in role as characters from Willy Russell's *Our Day Out*!

Other texts enjoyed: *The Windrush Child*, *The Lion, the Witch and the Wardrobe*, *The Boy that Swam with Piranhas*.

Future Lectures this year for Year 11:
 Mrs Fitzsimons: Motifs in *A Christmas Carol*
 Miss Jones: *The Working Class*
 Mr Smith: Poetry is more accurate than history

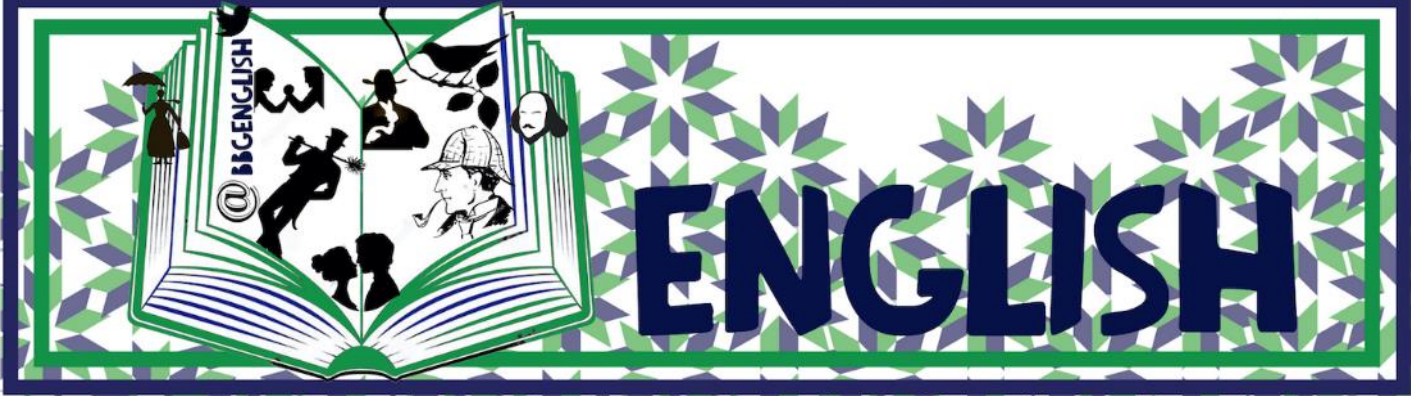

Year 11

Year 11 Lecture Series 2022-2023

Mrs Brack did a great job at launching our Literature lecture Series for Year 11 in the run up to their Christmas Mocks. Students were hanging on her every word as she explored the layers of meaning in their Shakespeare text *Romeo and Juliet*. Knowledge and understanding of context was deepened and extended to enhance their essay writing skills.

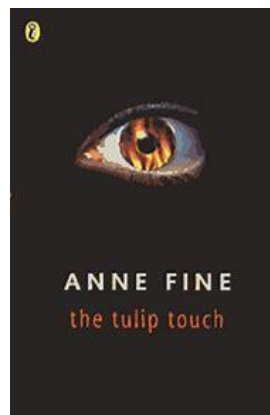

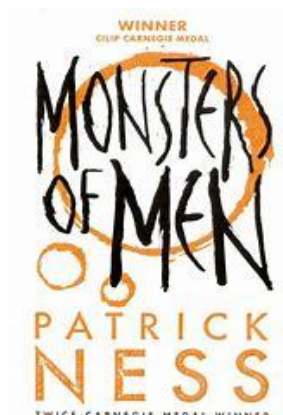

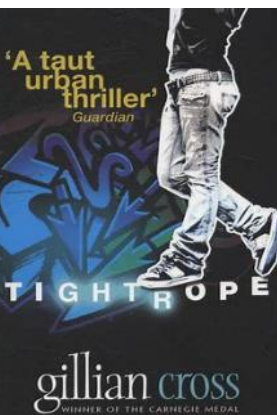

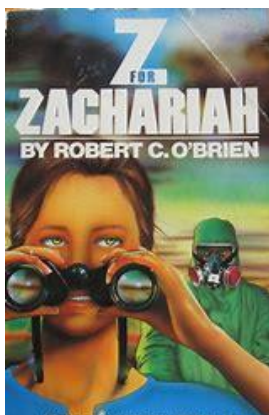

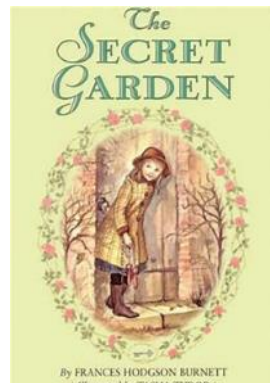

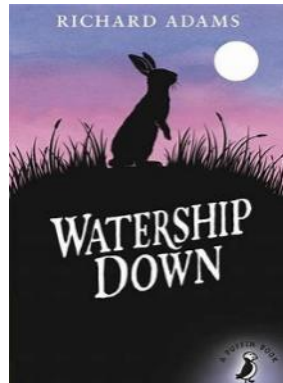

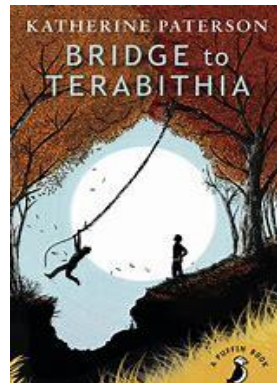

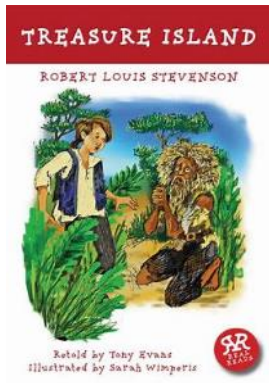

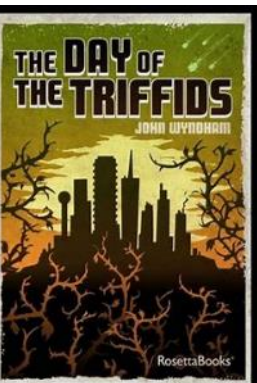

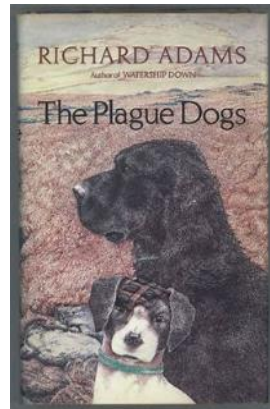

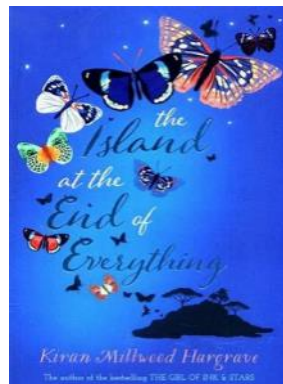

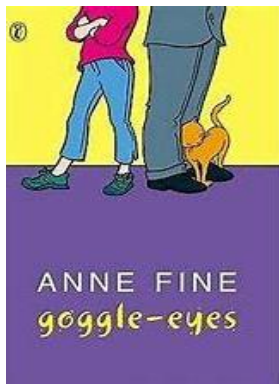

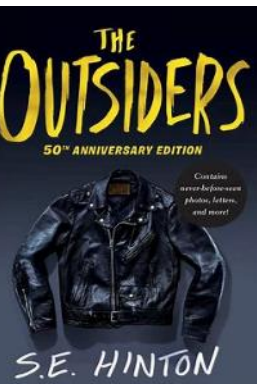

The BBG Bookcase recommendations for children to read and make progress when reading. Statistically students that read independently do better at school. Please encourage your children of all ages to continue reading daily – 10 minutes before bedtime as a minimum will make all the difference.

NB for parents/carers: Please check online reviews if you have any queries about the suitability of a book before your child reads it.

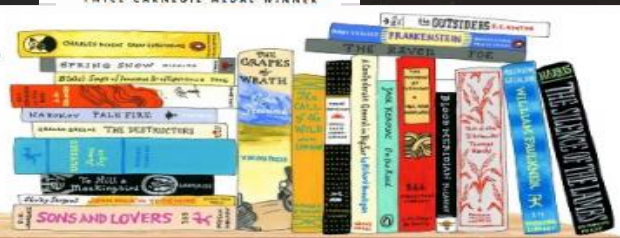

Year 7

A decorative banner for an English class. On the left, an open book is shown with various literary figures and symbols emerging from its pages, including a knight, a woman, a man with a hat, and a man with a beard. The word 'ENGLISH' is written vertically on the book's spine. To the right of the book, the word 'ENGLISH' is written in large, bold, blue capital letters. The entire banner is framed by a green border with a repeating geometric pattern.

Year 8

BBG BOOKCASE

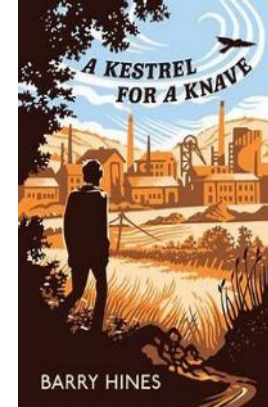

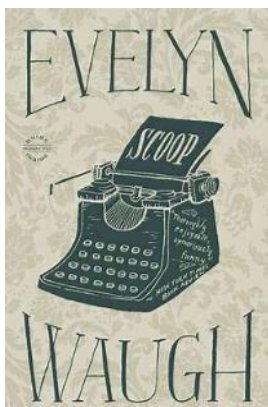

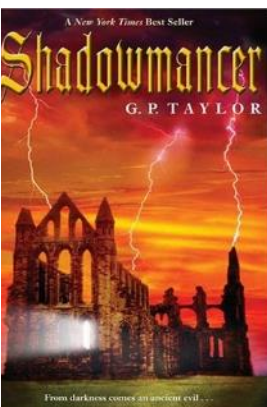

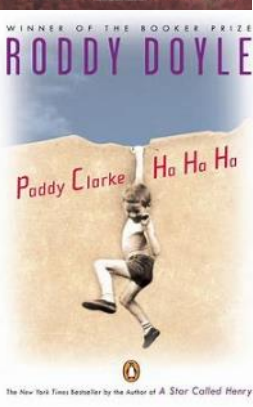

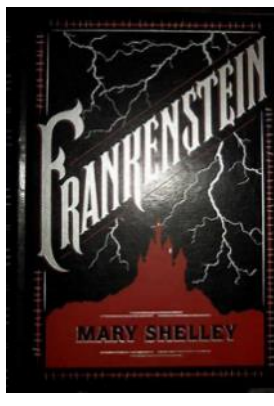

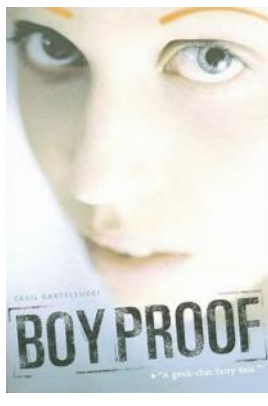

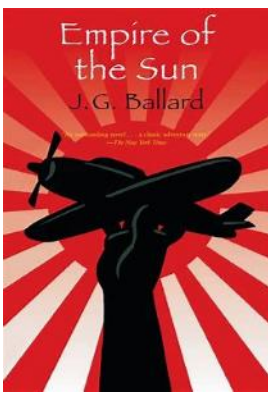

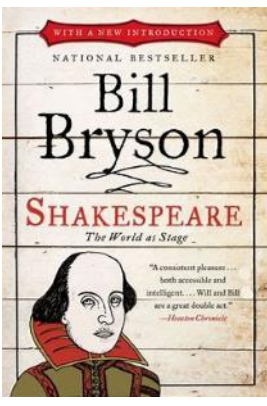

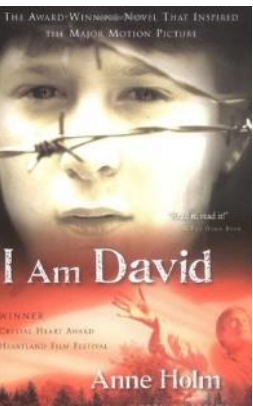

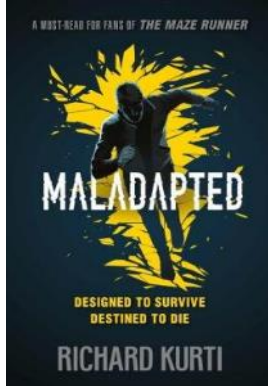

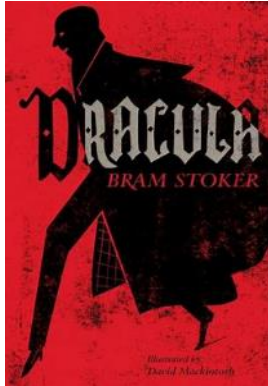

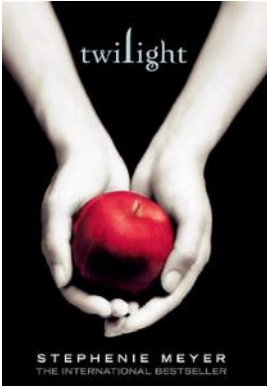

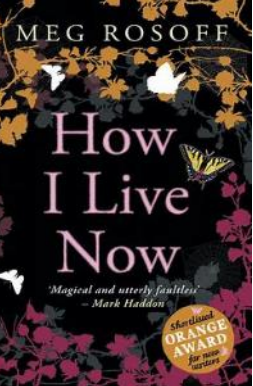

NB for parents/carers: Please check online reviews if you have any queries about the suitability of a book before your child reads it.

Year 10

BBG BOOKCASE

NB for parents/carers: Please check online reviews if you have any queries about the suitability of a book before your child reads it.

Year 10 and Year 11 Theatre Trip

- All KS4 students have been invited to attend a theatre trip to see a performance of their GCSE modern drama text: An Inspector Calls in January 2023.
- Students should ask Mr Smith for a consent letter and more information. Parents can pay for the visit on parent pay or email/phone Mr Smith Head of English if you need financial assistance. ssmith@bbgacademy.com

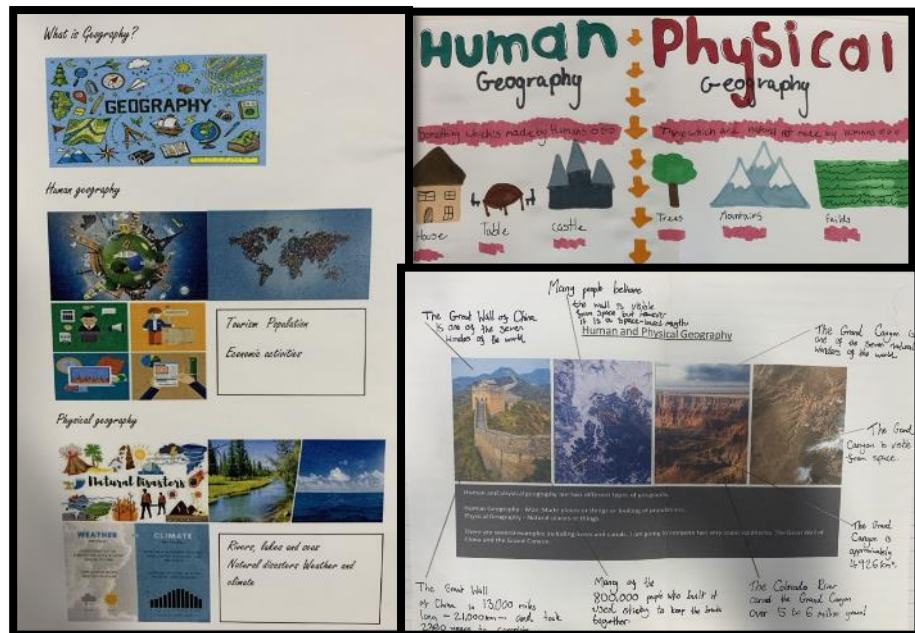

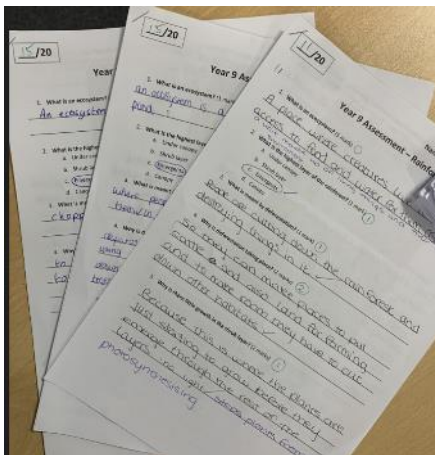

Year 7

Year 7 have been looking at the different types of Geography, and have produced some fantastic pieces of homework to demonstrate these!

Year 9

Meanwhile, Year 9 students are coming to the end of the Brazil and rainforest topic. Mr Mould's classes have finished their assessment, with some great results. Well done!

Year 11

YEAR 11 REMINDER – Homework club
Monday 2.30-3pm F17

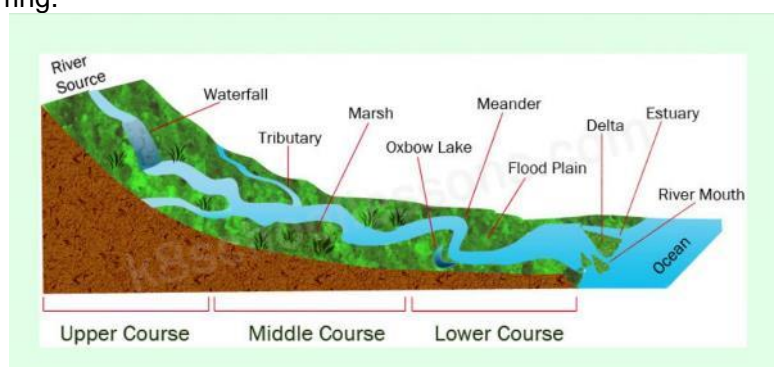

Now that Year 11 have finished their first fieldtrip, they are working hard on analysing the results and drawing their conclusions. The behaviour of our students whilst on the trip was brilliant. We had members of the public across both trips comment on this which was lovely to hear!

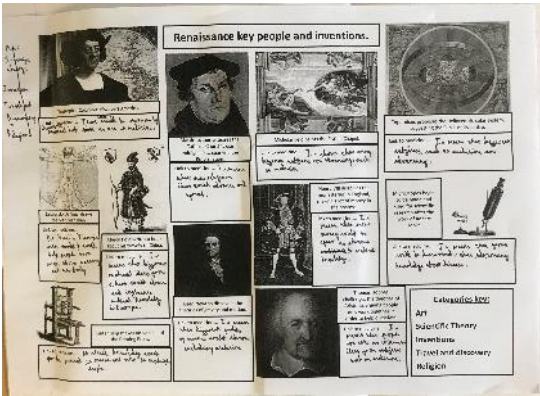

Once we have finished fieldwork, we will be going back to learning about Rivers and then a short end of topic assessment on this will be occurring.

Year 10

Year 10 are coming to the end of their Living World topic for Paper One. Students will be completing a formal end of topic assessment on this over the next couple of weeks. It is important that we offer them the opportunity to prepare for this. Therefore please use this checklist for their revision:

- Ecosystems (large and small)
- Nutrient cycle
- Tropical rainforests & Hot Deserts
 - Location & Climate
 - Plant adaptation
 - Opportunities
 - Challenges
 - Sustainable management

Year 10: Part 2 The Renaissance

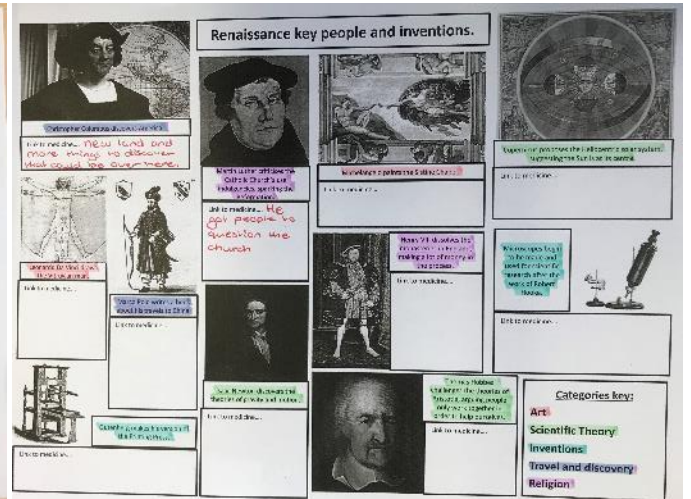

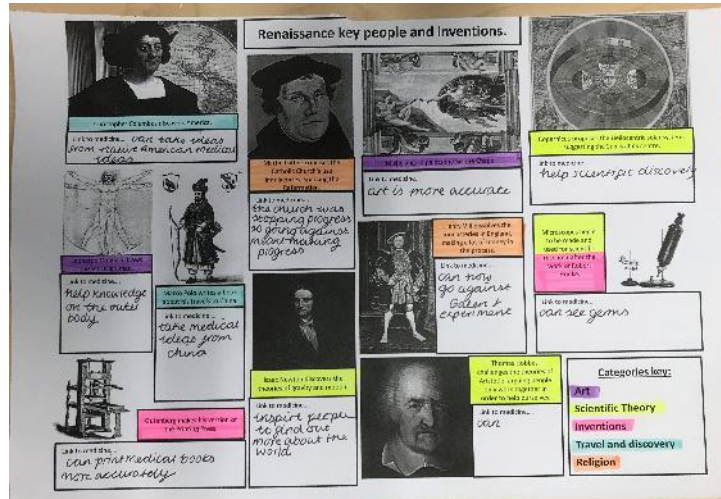

Year 10 have continued to make excellent progress in the their Paper 2 study of Health and the People. They are now a quarter way through their Health and the People Paper 2 component and have arrived at the 'The Beginnings of Change'. Their introductory lesson to this time period reflects the nature of their broad historical study in which they have developed knowledge of Art, Science, Technology and Travel. They will now apply this to an explanation of developments in medicine. Next, they will investigate the achievements of those who have challenged the mistakes of the past when 'Medicine stood still' and their new lines of enquiry.

Please note that students continue to be encouraged to revise for their January mock examination in order to earn a well deserved rest over the break. The History department have provided content guides to support this, which students should now be using alongside their class books and Seneca assignments for regular revision.

Part two: The beginnings of change

- The impact of the Renaissance on Britain: challenge to medical authority in anatomy, physiology and surgery; the work of Vesalius, Paré, William Harvey; opposition to change.
- Dealing with disease: traditional and new methods of treatments; quackery; methods of treating disease; plague; the growth of hospitals; changes to the training and status of surgeons and physicians; the work of John Hunter.
- Prevention of disease: inoculation; Edward Jenner, vaccination and opposition to change.

MATHS

bbg

Why are there bookwork checks, and how do they work?

sparx

We believe that a good standard of bookwork is very important in helping students to embed good practice, and to help them and their teachers to keep track of any misconceptions.

- In Sparx, every question is accompanied by a 'bookwork code'.
- Your child should write this down, and then write their workings and answer next to the code.
- When they are asked for the answer they gave for a particular bookwork code, they need to give the exact answer they wrote down, even if it was wrong.
- Here's an example of good bookwork; as you can see all workings and wrong answers have been recorded:

At BBG we are moving onto Sparx Maths.

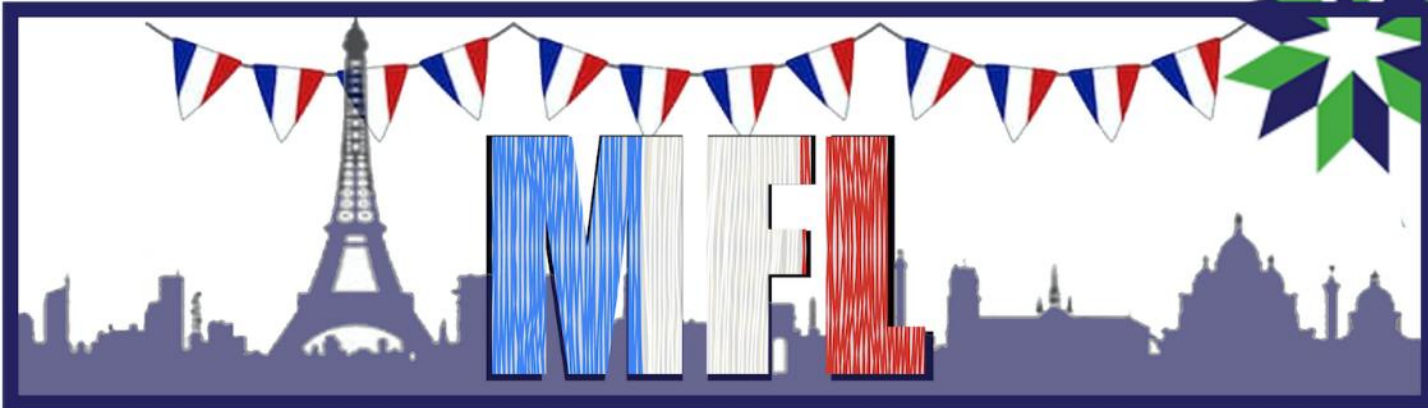

Sparx has been developed by Mr Hegarty and his team.

We think it is an excellent learning tool..

Task 1			
D40	$12 + 13 = \underline{25}$ ✓	E41	$P(\text{yellow}) = \frac{3}{6}$ ✗
E50	$4 \times 3 + 2 \times 5 =$ $12 + 10 = \underline{22}$ ✓	F51	$P(\text{black}) = \frac{4}{8}$ $= \frac{1}{2}$ ✓
F60	$\begin{array}{r} 12 : 18 \\ \times 6 \\ \hline 2 : 3 \end{array}$ ✓	Task 2	
H70	$\frac{1}{14} + \frac{1}{7} = \frac{1}{21}$ ✗	G61	All the marbles are green The probability of choosing a purple marble is <u>impossible</u> ✓
J90	$\frac{1}{8} + \frac{1}{4} = \frac{1}{8} + \frac{2}{8}$		

- If a student fails a bookwork check in Sparx, they will need to re-do the question, even if they originally gave the correct answer. This is to encourage them to record their workings.

- The more bookwork checks your child gets correct, the fewer they'll see.

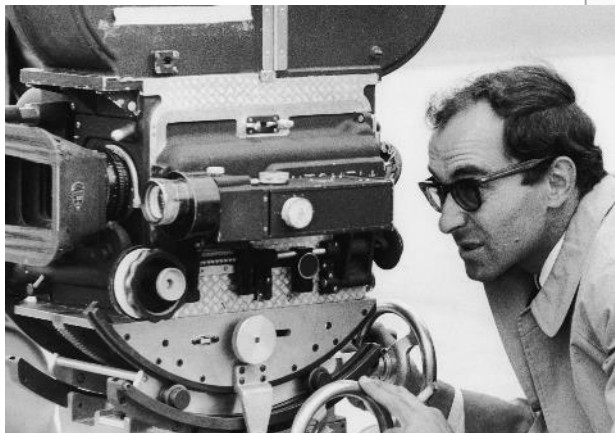

GODARD 's LEGACY

Godard, who died 3 weeks ago, has been recognised as one of the most influential filmmakers of the 20th century and one of the leaders of the French New Wave. In 1969, film critic Roger Ebert wrote about Godard's importance in cinema:

-Godard is a director of the very first rank; no other director in the 1960s has had more influence on the development of the feature-length film. Like Joyce in fiction or Beckett in theater, he is a pioneer whose present work is not acceptable to present audiences. But his influence on other directors is gradually creating and educating an audience that will, perhaps in the next generation, be able to look back at his films and see that this is where their cinema began.

Filmmaker Quentin Tarantino named a production company he founded A Band Apart, a reference to Godard's 1964 film. Fritz Lang agreed to take part in Godard's film Le Mépris due to his admiration of Godard as a director. Akira Kurosawa listed À bout de souffle as one of his 100 favorite films. Four of Godard's films are included on the British Film Institute (BFI) Sight and Sound magazine list of 100 Greatest Films: À bout de souffle (13), Le Mépris (21), Pierrot le Fou (42), and Histoire(s) du cinéma (48).

Jean-Luc Godard	
Born	3 December 1930 Paris, France
Died	13 September 2022 (aged 91) Rolle, Switzerland

October 2022

Dear Parent, Guardian or Carer

Open Days at New College Bradford, Nelson Street, Bradford BD5 0DX

We are delighted to invite students and parents to join us at our Open Events taking place at New College Bradford this academic year:

- Open Day - Saturday 15th October 2022, 10am – 2pm
- Open Evening - Tuesday 15th November 2022, 4.30pm – 7.30pm
- Sports Academy, Performing Arts & Languages Open Evening –
Tuesday 10th January 2023, 4pm - 7pm
*(specifically for students interested in Sport & PE; Music, Sound Engineering, Dance & Drama;
French & Spanish)*
- Open Evening - Monday 6th February 2023, 5pm – 7pm

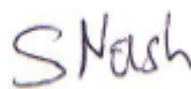

These events are a great opportunity to explore our outstanding purpose-built facilities, and to speak with our fantastic students and teachers to find out about the courses we offer. New College Bradford is an excellent place to study. This was recognised by Ofsted in May 2022, when we secured the best possible outcomes across all inspection areas during our Ofsted monitoring visit.

New College Bradford is a specialist academic Sixth Form College providing A level and A level equivalent courses, such as Level 3 BTEC qualifications, for students in the 16-19 age range. Our students achieve outstanding results, and we are exceptionally proud of our outstanding rates of progression to higher education and other high-quality progression routes, with 83% of our students progressing to university last year. This success is built upon an outstanding enrichment and personal development programme, helping students to be ready and confident for adult life, university and employment.

The College has experienced significant growth since opening in September 2019 and is now oversubscribed. We therefore encourage students to apply as early as possible. Applications are now open at <https://ncbradford.ac.uk/apply/>. Students and parents can also find out more about the College and the courses we offer via our online prospectus at <https://ncbradford.ac.uk/prospectus/>

Students and parents in all year groups are warmly invited to join us for these informal events, but the event will be of particular interest to students in Years 10 and 11. There has never been a better time to talk to our students and staff, see a presentation to show our fantastic facilities and get a feel for what makes New College such a special place.

Best wishes

Stuart Nash
Principal, New College Bradford

PYJAMA DONATIONS

CHARITY NUMBER: 1185739

WHO ARE WE?

Children's Hospital Pyjamas are a UK based charity that collects donations of brand new pyjamas for children aged from newborn to eighteen.

The charity has been operating since 2009 when the founder's young child was diagnosed with cancer. Having to spend long periods of time in hospital she realised that it added to her child's distress having to wear a hospital gown. No child wants to be in hospital but if they have to be they want to be as comfortable as possible.

Over time, our pyjamas were requested from other establishments so the charity decided to make donations to other places that had poorly or underprivileged children.

To support children when visiting restrictions were put in place in hospitals, Children's Hospital Pyjamas put together a team of volunteers to sew handmade hearts. These are now included in every pair of pyjamas that we donate. A heart for the child and another for anyone they choose to share it with. A way of staying together even when apart.

Children's Hospital Pyjamas are not government funded and rely solely on donations made to us.

To date we have donated in excess of 80,000 pairs of pyjamas.

Introduction

Ofsted Parent View is an online survey that allows parents to give their views about their child's school. Parents can complete the survey at any time. By 'parents', we mean any person with parental responsibility for a child at the school.

Ofsted Parent View is also the main mechanism for parents to give their views to inspectors at the time of a school inspection.

You can access the survey directly from the [Ofsted Parent View site](https://parentview.ofsted.gov.uk/) or from the homepage of [Ofsted website](https://www.ofsted.gov.uk/).

Schools can encourage parents to use Ofsted Parent View to give the views on a school either during an inspection or at any other time of the year.

<https://parentview.ofsted.gov.uk/>

Ofsted Parent View questions

My child is happy at this school	My child feels safe at this school
The school makes sure its students are well behaved	My child has been bullied and the school dealt with the bullying quickly and effectively
The school makes me aware of what my child will learn during the year	When I have raised concerns with the school they have been dealt with properly
Does your child have special educational needs and/or disabilities (SEND)?	The school has high expectations for my child
My child does well at this school	The school lets me know how my child is doing
There is a good range of subjects available to my child at this school	My child can take part in clubs and activities at this school
The school supports my child's wider personal development	I would recommend this school to another parent (yes or no)

**Teen
Sleep
Hub**

WELCOME

HOW TO IMPROVE THE SLEEP OF YOUR STUDENTS

In Autumn last year, we launched our new Teen Sleep Hub, as part of our Teen Sleep Matters campaign, and it has been an amazing success so far with so many of you getting involved in sharing the information we supplied. We have also had lots of support from the Mental Health Foundation and Royal Society for Public Health.

Covid-19 continues to impact on the health and wellbeing of young people, in particular around their sleep and mental health. Even with the return to school, we are still living in uncertain times and young people are still suffering with isolation, learning at home with bubble closures, out-of-school activities suspended and routines being altered dramatically, it has been, and remains, extremely challenging.

Since we last made contact we have been working hard to continue to push this campaign and we have now launched a Live Chat service on our **Teen Sleep Hub**. This facility is available on Tuesday and Thursdays from 6-8pm so young people can chat about any issues they are having with their sleep with one of our trained sleep practitioners. Please do direct your students to this and even inform parents of this service.

In this second pack you will find

- A selection of NEW posters promoting the Live Chat that can be emailed out to students and parents and, when normally resumes, can be printed and put up in classrooms, toilet facilities and other communal areas
- Social media graphics that you can use on your social channels and website to direct students and parents to the Teen Sleep Hub

As a reminder, the Teen Sleep Hub is a hive of information around sleep aimed at teens (not their parents) and includes a downloadable eBook and a series of top tips videos. We were supported on this project by our amazing Youth Advisory Panel, made up of young people aged between 13 and 19, across the country. It has been a great success so far with over **17,000 downloads of the eBook**, proving that young people want the knowledge to help them improve their sleep.

Thank you for your support. Please do get in touch if you have any questions or would like to know more.

EXTRA-CURRICULAR HIGHLIGHTS

The year 8 Football team beat MFG 7-5 on Monday. It was an exciting game that saw us go 0-1 down to leading 6-1, then to 6-5 and eventually 7-5. Goals from Caelan Cadamarteri x5, Zac Caesar and OG. Player of the match was Caelan Cadamarteri.

The Year 11 Netball team travelled to Beckfoot to play against Ilkley A&B and Beckfoot. They had 1 win against Ilkley B 6-4 and 2 losses. A positive start to the season and some great team spirit on show!

The Year 9 football team were in action on Wednesday against Heckmondwike in the Spen Valley cup. They came away with an emphatic 8-2 victory with goals from Alfie Bates (3), Isaac Dale (2), Connor Irwin, Alex Rogers, Joe Murray. Player of the match – Alfie Bates

Sporting Success

Ilyan Walker (left) and Evie Smales (right) were both in Boxing action this week.

Evie Smales has fought at the Training Cave for just over a year. She did her first skills bout on Saturday at Seacroft. In a bout, boxers are judged on technique and Evie was awarded a trophy at the end. We are excited to hear about her other upcoming bouts!

Ilyan was fighting in Newcastle in the 52kg category. It was his 25th fight and it went the 3 round distance. Ilyan was the winner on split decision and was awarded fight of the night! Keep up the good work!
